Routine Business At County Council Meeting

The regular April 1965 meeting of the Council of the County of Vulcan No. 2, was held on Thursday, April 15. Reeve Jack Deitz presided and councillors J. M. McKay, Ivan Haga, F. N. Thurber, D. A. McNiven, Frank E. Hubka, R. S. Irwin, A. W. Ulrich, A McAlister, E. Ericksen and M. Willard were present. Also at the meeting was D. McQueen, secretary-treasurer.

A letter from the Deputy Minister of Municipal Affairs advising that the Municipal Assistance Grant for the year 1965 would be $131,491.07 was read.

A letter from John Van Brunschot of Brant asking about the leasing of Hangar No. 7 at the airfield was read. The councillors declined to lease this hangar as it was not the policy of the council to make this building available at this time.

A letter from the Canadian Pacific Railway Co. advising that an inspection would be made of the crossing which the company had planned to transfer from a public to a private crossing directly north of Ensign station was read. The letter advised that notice would be given so that the county would have a representative on the scene.

A letter from the Canadian Pacific Railway Co. advised that a public hearing would be held in Lethbridge on Wednesday, May 12, at 10:00 in the forenoon in the Court House to discuss the matter of the change in the service which is being promoted for Southern Alberta.

Councillors discussed the location of the new street lights, and decided to leave this matter over until the next meeting, at which it was hoped that the local Calgary Power Ltd. manager could be present.

R. S. Irwin, chairman of the Civil Defence Committee, gave a report of the meeting held respecting the civil defence and advised the council that another meeting would be held in two weeks at which it was hoped that one of the senior Provincial Civil Defence officers would be present.

It was noted that the Civil Defence Committee had given up the Tompkins Building and that equipment had been moved to the site in the old Town of Vulcan fire hall.

Mr. Irwin reported in respect to the Agricultural Service Board activities which were limited during the past month and also gave the figures for the operation of the Blackie and Vulcan Seed Cleaning Plant.

Ivan Haga reported to the council in respect to the Municipal Committee's activities and noted that preparations are being made to begin work for this year, and he spoke of meetings held with other councillors of the County of Vulcan and Municipal District of Willow Creek regarding future paving plans. Mr. Haga also spoke of the proposition of the other districts to co-operate in engaging a firm of engineers to look after their needs. The County of Vulcan has not committed itself in this respect as the county had already engaged N. H. Bradley as engineer for the year 1965.

The secretary-treasurer presented a number of designs for a proposed crest for the County of Vulcan. After looking these over, it was decided that the county should engage the services of a commercial artist to come up with a suitable design for the county crest and instructions were given to have this done.

D. G. Walker, representing the Vulcan Recreational Centre, interviewed the council in respect to obtaining assistance of the county in the project of a civic recreational centre for Vulcan, and asked that the county consider making the Centennial Grant available to the Town of Vulcan civic centre project.

Mr. Walker pointed out that it was not the intention of the town to ask the county to favour the Vulcan project over any other communities' in the county, but

Eight Points Represented

Luck of the Draw Decides 24 Youth Travel Students

From a total of 99 applications, the names of 24 lucky boys and girls were drawn by lot last week and these will be the youngsters from the County of Vulcan schools who will take part in the Canada-wide Youth Travel Program this summer. The drawing was conducted by R. C. R. Munro, editor of The Advocate.

In order that each geographical area of the County would be represented, the eligible students were allocated to their home district, regardless of where they actually attend school. A percentage in relation to the total number of students (age 15 to 17) in each area was then established and this determined the actual number of students to be chosen from each of eight districts in the county. This worked out to:. Arrowwood 2, Brant 2, Carmangay 2, Champion 3, Lomond 3, Milo 2, Mossleigh 2 and Vulcan 8, with 12 boys and 12 girls making up the group of 24.

The students whose names were drawn to make the trip are:

Arrowwood: John (Bud) Cockwill, age 17, grade 12; Susan Hayes, age 17, grade 12.

Brant: Donald E. Hansen, age 15, grade 10; Nadine Eliuk, age 16, grade 11.

Carmangay: Terry Brownell, age 15, grade 9; Bernard M. Hummel, age 15, grade 9; Marie Caldwell, age 16, grade 10.

Lomond: Karen Grover, age 17, grade 12; Myrna Marks, age 16, grade 10; Ronald Wayne Lindstedt, age 16, grade 10.

Milo: Michael James Monner, age 16, grade 11; Helen Carol Kole, age 17, grade 12.

Mossleigh: Charlotte M. Koole, age 16, grade 10; Ronald Barry Johnston, age 15, grade 9.

Vulcan: Marilyn McKay, age 16, grade 11; Sally Giles, age 17, grade 11; Donalda Shields, age 16, grade 11; Jo-Anne Richardson, age 17, grade 12; Lloyd O. Sokvitne, age 15, grade 10; Lawrence H. Mumby, age 15, grade 10; Kenneth Gerding, age 16, grade 10; Charles W. Brinton, age 16, grade 11.

Two alternates, who were also chosen by drawing their names from a hat, are Gordon Lyle Brown, age 15, grade 10, of Mossleigh and Laurie McLennan, age 15, grade 9, of Vulcan.

It has not yet been definitely announced what part of Canada the County of Vulcan group will visit. They will be one of the 10 groups of young people who will travel from Alberta to other provinces in Canada during 1965 as part of the Youth Travel program sponsored by the Centennial Commission of the federal government. The 24 Vulcan area students will be accompanied by Mr. and Mrs. Don Green of Vulcan as chaperones.

A similar group of 24 students from another province will visit the Vulcan area this summer in this "exchange" program.

Appearing at many school and outside functions during the past term has been the County Central High School Glee Club under direction of Mrs. Carolyn Johnston, above, music supervisor for county schools. From left to right, front row above are Pat Christensen, Nancy Montgomery, Adel Fletcher, Merle Wilkinson, Audrey Ann Groeneveld, Linda Smith, Linda Malmberg, Lynda Holm.

Second Row: Betty Jean Ellis, Charlotte Simmons, Nita Ully, Bev Budd, JoAnn Fletcher, Judy Hlede, Hazel Allen, David Clark, Donald Hansen.

Back Row: Beth Wilson, Ester Matlock, Dennis Schuler, Donald Gottenberg and Dennis Sparks.

This course carries five credits.

CWL Hears Talk On Mental Health At April Meeting

The monthly meeting of the Vulcan Council of the CWL was held in the parish hall on April 8. Father Marien, 12 members and one visitor was present.

Guest speaker for the evening was Mr. Taylor from the Canadian Mental Health Association in Calgary. Mr. Taylor explained the work that was carried on in the mental health hospitals which are located in Calgary and Edmonton in Alberta. He then showed a film called "The Child Behind the Wall". This film showed how a little girl nine years old who had developed mental sickness was cured and then grew up to live a happy, normal life. After the film a question period followed where Mr. Taylor answered many questions.

Mrs. Louis Shaw, retiring secretary presented the annual report of the past year's activities and Mrs. Leslie Shaw presented the financial statement covering the past year.

It was decided to support a priest in Ecuador.

Father Marien announced that he would say Mass in Champion on April 26, in honor of Our Lady of Good Counsel. All CWL members from Champion, Carmangay and Vulcan are invited to attend.

The officers elected for the coming year are: President, Mrs. Joe Gerding; 1st vice-president, Mrs. Louis Shaw; 2nd vice-president, Mrs. Ed Zilke; 3rd vice-president, Mrs. Ernest Douville; secretary, Mrs. Angelo Murphy; treasurer, Mrs. Leslie Shaw, councillors, Mrs. Stan Scales and Mrs. Horst Thiering.

Father Marien closed the meeting with his blessing and the hostesses Mrs. Stan Scales and Mrs. Horst Thiering served a delicious lunch. Mrs. Lloyd Schumaker won the tea prize.

Monthly Meeting Keystone Class

The monthly meeting of the Keystone Class of the Vulcan Church of Christ was held by Mrs. Joyce Pelham at the parsonage. The meeting was opened with the inspirational singing of, "My Jesus, I Love Thee," followed by prayer. The roll call was answered by 12 members by the reciting of their favorite woman of the Bible.

The missionary study of the class was presented by Miss Nettie Ware and Mrs. Marion Birkenes. Miss Ware's study was on the work of Miss Heather Matheson in Jamaica, and Mrs. Marion Birkenes presented the work of the Cassos in Brazil. Mrs. Cass would be remembered by her maiden name of Miss Vida Stewart. These studies were most informative on the conditions of these two parts of the world.

Over the past three months the Keystone Class has helped work in: Tom Rash in India; Frank Remple in India; Heather Matheson in Jamaca; Lew Cass in Brazil; Children's home for orphans in India; David Rees in Hong Kong; work of the home church.

Lake McGregor Race Meet County Queen Contest Begins

Sure signs of spring are the announcements of the annual Lake McGregor Race Meet, set for Friday and Saturday, June 10 and 11, and introduction of this year's Race Meet queen contestants. These four young ladies represent each area around, are accomplished horsewomen and one will be happily crowned Saturday morning of the meet, succeeding Elaine Ayoungman, 1964 queen.

You can expect the girls calling anytime in their ticket selling campaign and in addition to helping the queen hopeful on her way and supporting the McGregor cause, there are two chances on transistor radios as added enticement. These prizes are drawn for at Queenstown dance, Saturday.

ALTA HODGSON

From the Lomond-Travers area comes Miss Alta Hodgson, daughter of Mr. and Mrs. Hodgson who farm east of Lomond. She is 18 years of age and in grade 12 at the Lomond High School. Alta looks after livestock at the farm and is quite at home astride her horse. She is sponsored by the Travers Happy Hours WI. She hopes to make nursing her career following graduation.

Through the years the queen contest has become an important and interesting added sidelight to the race meet. In charge of the event is Mrs. Lloyd Armsrtong.

LYNDA HOLM

Representing the Champion district in the Lake McGregor Race Meet Queen Contest is 16-year-old Lynda Holm whose parents, Mr. an Mrs. T. B. Holm, farm in that area. Lynda took her elementary schooling at Champion and is presently in grade 10 at County Central High School at Vulcan. She has her own horse and one of her main hobbies is riding. Sponsor for Lynda is the Champion Lions Club.

A busy spring is in the offing for the girls and their supporters who travel hundreds of miles in search of votes in the contest.

LEVONA LAHD

Familiar to Lake McGregor Race Meet patrons is Levona Lahd who upset the field last year by winning the McGregor Derby, feature race of the meet. Daughter of Mr. and Mrs. O. L. Lahd of the Milo-Queenstown district, 18-year-old Levona is in grade 12 and naturally riding has to be her big attraction. She is a member of the Lake McGregor Gymkhana Association and in 1964 along with her win at McGregor she did well at meets at Stettler, Hanna, Rimbey and other points. Sponsoring Levona are the Milo IOOF and Rebekah Lodges.

PAT REILLY

Another entry in the Lake McGregor Race Meet queen contest is Pat Reilly, daughter of Mr. and Mrs. J. P. Reilly, grain buyers at Cluny. Pat is 16 years old, in grade 11 at Cluny High School which is her sponsor, and horse fans will remember her as the 1964 Canadian Junior Barrel Racing Champion. Riding and horse events have been her hobby for four years and in that time she has won a saddle among other prizes as proof of her ability with horses. Pat hopes to enter the teaching profession following graduation from high school.

Jr. Band Concert Saturday Night

Saturday night will be an important event to members of the Vulcan County Junior Band as they will appear before Vulcan and district residents in their first full dress concert since formation two years ago. The concert is set for 8:00 p.m. at the Hazel Cameron Elementary School and is under the direction of bandmaster Arthur Dee who has held weekly rehearsals at the school since last September.

In addition to a specially chosen program which will demonstrate the growing skills of these first and second year instrumentalists, several soloists and small groups will be featured. As an added incentive to these special performers a prize of $10 has been offered for the best presentation of the night.

Farm Operation About To Start

Warmer weather appears to be finally here, with the temperature on Tuesday climbing to 65 above.

A few farmers have already started work on the land and most expect to be hard at it this weekend.

Moisture conditions are very good, compared with recent years, and the new crop should at least get a good start.

The pains we take often measure the gains we make.

Town Will Oppose Railway's Plan To Remove Local Agent

A Canadian Pacific Railway plan to completely re-organize the railway's freight operations in this part of Southern Alberta is the subject of a preliminary investigation now being carried out for the Board of Transport Commissioners in this area by F. H. Lane of Saskatoon, District Inspector for the Board.

As part of his investigation, Mr. Lane is also meeting with town councils and other interested groups to give a fuller explanation of the points contained in the CPR's submission to the Board and, on Monday afternoon this week, met with members of the Vulcan town council and representatives of the Vulcan District Chamber of Commerce to discuss the CPR's proposed plan.

Briefly, approval of the CPR plan would mean the closing, insofar as agent service is concerned, of most stations in the Lethbridge division now served by resident agents. A "mobile agent" would reside at Vulcan but he would be responsible for direct customer service on the entire Aldersyde line, from Aldersyde to Lethbridge. Most business would be conducted through Lethbridge by way of free long distance telephone.

C. express services would be handled by private firms who, at points as large as Vulcan, would be required to maintain an express depot. At small points, however, no depots would be maintained for merchandise service.

CPR figures show that Vulcan is a "high revenue" point. In 1963 total CPR revenue at Vulcan was $185,579, derived from the following services: 420 carloads shipped and 199 carloads received, $155,000; merchandise (express) services, $46,032, passenger service, $7,517; telegrams $1,226. In 1964, due largely to increased grain shipments, total CPR revenue at Vulcan jumped to $402,543, made up as follows: 1,334 carloads shipped and 148 carloads received, $367,884; merchandise (express) services, $54,619; passenger service (trains reduced to four times weekly), $6,386; telegrams $1,724.

It was unanimously decided by those present at the meeting that every effort should be made to have the CPR retain a full-time agent at Vulcan. It was felt that the suggested change, whereby most business with the CPR would have to be conducted by long distance telephone, would result in a very definite inconvenience and curtailment of service. The "mobile" representative who would be residing at Vulcan under the proposed plan would be expected, according to the CPR's submission, to travel the entire Aldersyde line each working day — a situation that would obviously see him spending more time travelling than taking care of customers' problems.

A committee comprised of Mayor M. R. Morrison, Councillor B. W. Banks and David Mitchell, secretary-treasurer of the Vulcan District Chamber of Commerce, was authorized to engage the services of a lawyer for the preparation of a brief to be submitted at the official hearing before the Board of Transport Commissioners in Lethbridge, May 12.

The situation at such points as Champion and Carmangay is similar. A brief opposing the CPR's plan has already been prepared by the Carmangay village council and it is expected that other points faced with the loss of their CPR agents and curtailment of service will also oppose the re-organization plan.

Irma Middleton New President

Irma Midleton was elected president of the Ladies Division of the Vulcan Golf & Country Club at their annual general meeting held Monday, April 26, at the clubhouse. She succeeds Florence Pettie.

Other officers are: Ethel Banks, 1st vice-president; Mary Haga, 2nd vice-president; Hannah Matlock, secretary; Iris Brown, treasurer.

The popular Sunday morning breakfast will be served by the ladies commencing Sunday, May 2, from 9:00 a.m. to 11:00 a.m.

Every Monday will be ladies' day at the golf club. Teams will be drawn on Monday, May 3, and tee-off time will be 4:55 p.m. All ladies interested in golfing are invited to attend and get an early start on this year's golfing.

The date set for the ladies' annual golf tournament at Vulcan is Monday, July 19.

Water Rates Bylaw Passes

Third and final reading of the bylaw providing for the revision of water rates in the Town of Vulcan was given at the town council April meeting.

Based on two months consumption, the new rates are $7.50 for for the first 4,000 gallons, $1.00 per thousand for the next 6,000 gallons (old rate $1.10), and 50 cents per thousand for water used over 10,000 gallons in the two-month billing period. (old rate 80 cents per M).

Other Business

Three alternate proposals for the subdivision of the DonRon property were presented to council for approval and preference was expressed for a plan which will divide the property into four lots with a street running northwesterly through the property. Subdivision of the property is required before water and sewer services can be extended to serve the area.

Block 8, less 70 feet now used by the Municipal Hospital, will be sold to Blunt Kenwood Nursing Homes Ltd. at a price of $2,000 per acre. The land, to be acquired for the construction of a 35-bed nursing home, contains 1.4 acres.

The plan for the sub-division of the Robson property, as approved by the Provincial Planning Board and providing for a community reserve in the north-east portion, was approved by council.

V. P. Schuler was appointed weed inspector for the town.

A proposal of Canadian Propane Ltd. to purchase a part of the Jim Yee property for the establishment of a propane distribution plant was approved.

Tax Rates

Third reading was given a bylaw adopting the new tax rates for 1965 as follows:

School Foundation Program	24.17
County of Vulcan (Schools)	5.83
Alberta Hospitals Act	3.84
Marquis Foundation	.18
Foothills Health Unit	.98
Municipal — General	10.57
— Debenture Debt	2.96
— Capital Expenditure	10.13
— Library	.34

A representative of the Vulcan Recreation Commission attended the meeting and discussed the possibility of obtaining Centennial Grants for the civic centre project. Councillors agreed that if the County of Vulcan would apply for approval of the project the Town would relinquish its Centennial Grant rights to the County, to apply on the project.

BARLEY — A GOOD CASH CROP FOR 1965

Present indications are that barley will be a good cash crop in 1965. The Dominion Bureau of Statistics reports that barley acreage intentions for 1965 are 12 per cent higher than the acreage planted in 1964. However, production was at a low level last year and current use of barley is likely to exceed the 1964 production.

Intended 1965 barley acreage of 5,860,000 acres in the Prairie Provinces and the most recent 10 year average yield per acre of 27.7 bushels would give a total production of 162 million bushels. This is only 5 million bushels greater than the 1964 production and is 36 million less than the average production for the last ten years.

With good seeding and cultural practices, gross dollar per acre returns from barley compare very favorably with returns from other cereal crops.

Early seeding and proper fertilization are important if maximum yields are to be obtained. Late seeding of barley has resulted in yield reductions of 10 per cent to 40 per cent. Barley generally responds very well to fertilizer, particularly on stubble land. Yield response has been variable but in several trials, average yield increases of 30 per cent to over 60 per cent have been obtained with adequate fertilizer application. Results from soil tests are the best guide for fertilizer needs.

In the production of malting barley, high quality seed, true to variety is an important factor. Parkland, Montcalm, Olli, Gateway and O.A.C. 21 are acceptable malting varieties for 1965 planting. Seed of the new variety, Conquest, will not be readily available until next year.

With proper attention to production practices, barley could be a profitable cash crop in 1965.

Supersonic Jet Wings Of The Future

Construction of the 1,450 m.p.h. Concorde supersonic jetliner, which will link Canada and Europe in two and a half hours flying time, is progressing according to schedule. At present, cutting of major airframe parts for the prototype Concorde is well underway.

Pictured above are eight aeronautical technicians meticulously tracing the delta-shape wing at Sud Aviation's plant at Blagnac near Toulouse in southern France. The overall wingspan of the Concorde will be 83 feet 10 inches, the aircraft's length will be over 184 feet, and the total weight, 326,000 pounds.

The first flight of the Concorde prototype is scheduled for early 1968, and Air France, which has purchased eight Concordes, has slated transatlantic passenger service for 1971.

The current cutting and actual manufacture of Concorde parts follows an extensive program of specimen production which began in 1960. To date, more than 8,000 different specimen parts have been put through exhaustive tests at the Aeronautic Test Center in Toulouse, France. Now, sub-contracts are being awarded for design systems including the supersonic jet's air conditioning, radio and navigation equipment, and other systems.

Test programs have also been launched for the Concorde's electric and hydraulic systems, and in 1966, static ground testing of the jetliner will begin in southern France.

When introduced into passenger service in 1971, Air France's Concorde jetliners will accommodate 118 passengers and fly between Canada and France at almost 25 miles a minute at a maximum altitude of 63,000 feet.

PIVERT — HAMMER

Former Vulcan Girl Wed At Church Of Christ

Roses were the theme of a double ring ceremony which united in marriage Elizabeth Jean Hammer, only daughter of Ludwig Hammer and Roland Joseph Pivert of Grande Prairie. Rev. R. J. Pelham officiated at the afternoon ceremony on Saturday, January 9, at the Vulcan Church of Christ.

The bride was gowned in a floor-length dress of brocaded satin featuring a rose pattern, lilypoint sleeves and a full back with roses of the same material. She carried a bouquet of red roses which cascaded down the front of her dress. Her headpiece was a white satin rose with seed pearls and nylon tulle veil with seed pearls.

The groom's mother chose a dress of beige lace with fuschia. She wore a white rose corsage.

Matron of honor, Mrs. Hilda Hammer, sister-in-law of the bride, wore a street length dress of royal blue velvet with matching headbow. She carried a nosegay of carnations and roses.

The groom was attended by his brother Paul Pivert. Ushers were Richard Hammer, brother of the bride and Roger Hedges, the bride's cousin. Wedding music was played before and during the ceremony by Mrs. Gordon Gardiner. Mrs. W. Hilz sang "The Wedding Prayer" before the wedding ceremony and "O Perfect Love" during the signing of the register.

Mr. Deans gave a beautiful tribute to the bride to which the groom responded. Miss Margaret Davis attended the guest book. Mrs. Jacquie Lucas assisted by Miss Evelyn Reath displayed the wedding gifts.

A reception for 60 guests was held in the church basement. The bride's table was centered with a three tiered wedding cake topped with a crystal swan containing red roses.

Paul Pivert acted as master of ceremonies. Miss Margaret Davis sang "I Love You Truly" during the reception. Telegrams were received from New Zealand, Michigan, Ontario and Grande Prairie. Photos were taken by Terry White and Brian Todd.

For travelling to Hawaii for the honeymoon the bride chose a two-piece wool suit in a paisley design with white accessories.

The newlyweds are now at home at 9701 91st A Ave in Grande Prairie.

Out of town guests were from Grande Prairie, Blackie, Dimsdale, Delbourne and Calgary.

PRISCILLA CLUB

The Priscilla Club met on April 21, at the home of Mrs. Eileen Hurnanen. During the course of the meeting it was decided that the club would canvass for the cancer drive during April.

The new spring outfit doll dressing contest was won by Violet Davies. Hostess prize was won by Elnora Anderson.

The next meeting of the club will be on May 3. This will be a birthday party and place will be announced later.

HOME & SCHOOL ASSOCIATION

The regular meeting of the Home and School met on April 15.

The forthcoming science fair for the Carmangay School was outlined by principal E. Brinton. The track meet was discussed and it was decided to have it a family affair as last year. More details will be sent out later.

Being library week Mr. Brinton outlined how the books were ordered for the school library. The books were all on display.

A very interesting and informative hour followed discussing the resolutions to be brought up at the convention in Edmonton on May 11-13.

Next meeting will be on May 20.

Test drive Meteor— you too will agree it's best!
best in ride! best in handling! best in performance! best in luxury! Best for you!

Meteor gives you the newest, most comfortable ride! It all begins with a 123 inch wheelbase (longest in its class) and a new 'torque-box' frame that flexes its muscles to absorb road shock and vibration. When you test-drive Meteor, head for the roughest road you know, and see how Meteor's ride can tame it.

Meteor handles with the least effort, the most smoothness! Meteor's improved all-coil suspension gives cushioned comfort — without that 'floating' sensation. Handling advances include new 15" low-profile tires that provide broader, surer road contact. When you put Meteor through its paces, you'll find that its handling is engineered to handle *you* with care.

Meteor's performance has never been more impressive! The road-hungry 352 and 390 V-8's give you an exciting insight into high performance. And the hot new 240 cubic-inch 'Avenger' Six has pioneered an unexcelled combination of power and economy. Pair any of Meteor's engines with the 3-speed dual range automatic transmission. And you can go gear-changing with the smooth 3- and 4-speed manual transmissions, both fully synchromesh in *all* forward gears.

Meteor has luxury in the most elegant manner. Plush thick-pile carpeting, padding in broad arm rests, upholsteries, deep foam cushioning, a double-edged key that works on either side, a suspended accelerator pedal, curved side window glass for added interior width . . . and so much more!

New 240 cubic-inch 'Avenger' Six! 150 horsepower and 234 pounds feet of torque achieve a new height in high performance — especially with Meteor's 3-speed dual range automatic transmission. Saves like a '6'— goes like a V-8 . . . it's the best! Meteor offers you the best of everything in the popular-priced class. You'll agree when you test-drive Meteor at your Mercury dealer's.

Model illustrated: Montcalm 2-door hardtop, one of the Ford Family of Fine Products, built in Canada.

Canada takes to Meteor more in '65 as sales climb 51.5% in March

CPR Plan Will Hurt Towns

The CPR's proposed plan for re-organization of its freight operations in Southern Alberta is to be considered by the Board of Transport Commissioners at a hearing in Lethbridge, May 12.

The submission, if approved, would see resident agencies closed at most points in the Lethbridge division, with customers for freight, telegraph and passenger services conducting their business with the Lethbridge office by way of free long distance telephone. Extra staff and new data processing equipment would be installed at Lethbridge to handle waybilling and other work. There would be one "mobile" representative for the Aldersyde line, stationed at Vulcan, and one for the Macleod line, stationed at Claresholm.

Opposition to the plan, by the communities concerned, is growing as the various effects of the plan are more fully realized.

Curtailment of customer service would surely be one result, for the long distance telephone can certainly not replace the personal service, advice and help of the station agent at a country point. And the mobile representative, whose prime job, according to the CPR submission, would be to assist customers, is expected to travel the entire Aldersyde line every day which would almost automatically make him unavailable when he was needed.

If this reorganization was an economy measure, forced on the CPR by falling revenues in the Lethbridge division, it would be difficult to argue against it. But the facts and figures indicate that, if anything, the reverse is true — that CPR operations in this division are highly profitable.

Vulcan is a prime example. In 1963 total CPR revenue at this point was over $185,000. In 1964, total CPR revenue at Vulcan jumped to over $402,000. The CPR contends that a business of this volume can be satisfactorily serviced by long distance telephone, with an occasional bit of advice or help from a travelling representative. This contention is certainly open to argument and contrary to normal business practice, for any concern doing even a fraction of this volume of business at any point would certainly maintain a branch office at that point, regardless of where the actual paper work was being done. And, in effect, a CPR station, staffed by an agent, is a branch office of the CPR, maintaining personal contact with customers and making available to them a service for which there is no substitute.

These reasons alone are sufficient for a strong argument against the CPR's proposed plan and will likely form the basis for the briefs to be submitted by Vulcan, Champion and Carmangay in opposition to the CPR's submission to the Transport Commissioners. Loss of the CPR agent at any town is going to hurt that town — we trust that strong, well documented briefs will be presented at the hearing by all towns affected by the proposed plan.

Routine Business

(Continued From Front Page)

that if the other districts had no such projects, consideration be given to making the grant available for the Vulcan project. The secretary-treasurer was instructed to write to the Provincial Centennial Committee in respect to this matter and have information regarding it for the next council meeting. It was readily moved and carried that the County of Vulcan go on record as supporting Centennial projects in the villages in the County of Vulcan and in the Town of Vulcan providing that these projects are approved by the Provincial Centennial Committee and that applications are made to the County for assistance on or before September 1, 1965.

Constable Moyer of the Town of Vulcan Police, was present at the meeting and explained to the councillors the procedure which was followed in turning in the fire alarm to the Vulcan Fire Brigade in respect to the Herronton fire. Mr. Moyer gave a detailed report and later returned to the office with a typewritten statement of the events leading up to the placing of the call.

Robert Jamison, secretary of the Vulcan Fire Co-op Association, was present at the meeting and explained to the councillors the charges and regulations in respect to the fire calls and other matters relating to the operation of the Fire Co-op.

The Carmangay Lions' Club presented the following application for a parks grant from the Provincial Parks Department: Parcel A in SW 2-15-25-4.

It was moved and carried that the County approve this application.

CARDS OF THANKS

We would like to express our thanks to the ladies of the U.C.W. Church for offering us their services of serving lunch after the funeral service of our Pastor's dear wife. Also to Rev. Heebner for offering us the use of the church basement. May God richly Bless you for your efforts.

—Grandma Ruggles, Champion.

I wish to thank Dr. Tompkins, Dr. Koziol and staff of the Vulcan Hospital as well as the doctors and staff of the Calgary General Hospital for the good care I received while a patient there. To the many friends and relatives who sent flowers, cards, letters and who visited me, I wish to say how very much I appreciated their thoughtfulness. My wife and I also wish to extend a sincere thanks to all those who offered and helped on the farm during my absence. Your kindness will always be remembered.

—Martin Maronda, Lomond. 1-x

We deeply appreciate all the cards, flowers, visits and transportation during Bill's illness. Also our many thanks to the people who helped the boys with chores throughout the winter.

—The Shield families, Milo. 38-1p

We wish to thank the following for their sympathies and kindnesses during the time of our bereavement; George Wisener of the Vulcan Funeral Home, the United Church for making available its auditorium, the Evangelical United Brethren Church for making available its basement and kitchen facilities, the ministerial for its sympathetic understanding, the neighbors and friends who assisted so kindly, all those who sent messages of comfort, and those who so generously provided their tokens of sympathy with flowers and gifts.

Each and every one of these tokens of love helped ease the sorrow of the loss of our departed loved one.

—Rev. Laurie E. Hale and family, Vulcan. 38-1x

The Champion Community Hall Board wishes to thank everyone for patronizing the recent bingo. A special thank you to the Lions Club for its help. 38-1x

THE HOMEMAKER

Miss Pat Westman, District Home Economist
Box 40 Claresholm, Alta. Phone 235-3245

It is a pleasure to say "Hello" to you through my first newscolumn as District Home Economist for the Claresholm-Vulcan-Cardston area. I have really enjoyed my first week in the district and am sure I will find it a wonderful area in which to work and live.

Marg McLachlan did everything possible to "ease" me into her work before leaving. Besides trying to acquaint me with her office duties, she took time to introduce me to a number of you. Of course, there are still many of you I have not met, but I am looking forward to getting acquainted with you as soon as possible. Please feel free to contact me for any assistance or just drop in to say "Hello".

I hope to be in the Cardston office on the first and third Monday of each month; with my office time in Vulcan being every Tuesday morning. Because of courses, meetings, etc. it is not always possible to adhere strictly to these times, however, there will generally be someone there to take messages.

The weather has been so perfect the last week it makes me think that perhaps spring has really sprung. And, it's a funny thing about spring — all of a sudden — even the best-cared for homes seem to want a good spring cleaning. Clean walls and curtains, shiny floor and a bouquet of pussy willows seem to give the home a feeling of airy freshness.

I can remember one of my Home Economics teachers once saying "Being a good homemaker involves the subtle knowledge that dictates when to lower the blinds and take the children skating and when to really get busy and houseclean your home".

The degree of order and cleanliness that prevails in any household depends upon the homemaker. Fanatic housekeepers are often the hardest people to live with, and on the other hand, women who don't know the business end of a broom can be nearly as bad!

At one home management workshop we had, the ladies drew up a set of housekeeping rules that seemed so sensible they are perhaps worth passing on.

1. Stay with one job until it is finished, regardless of interruptions.

2. Adequate tools are important. Fewer really good ones are better than many cheap ones.

3. Proper storage space is essential to tidiness. It's often more storage space that is really needed rather than new furnishings we often feel we need.

4. Store tools at point of first use.

5. Duplicate cleaning supplies (e.g. kitchen, laundry, bathroom).

6. Keep something handy to mend during casual visiting.

7. Clean as you work. Spills wiped up at once are often easier to remove.

8. Give children responsibility for specific chores and praise them often.

9. Frequent short rests are better than one long one.

10. Cheerfulness is wonderfully contagious.

11. Work smarter, not harder.

12. Definition of Housekeeping—replacing that which has been taken out; taking out that which has been put away; cleaning that which has been soiled; soiling that which has been cleaned; emptying that which has been filled; filling that which has been emptied.

OLD ELEPHANT

Acclaimed as one of the greatest archeological finds in western Canada is the body of a mastoden (elephant) buried in clay along a rural highway southwest of Kyle, 60 miles north of Swift Current. It was discovered Oct. 19 by a crew working on the road.

Workmen are in the process of digging up the skeleton, a time-consuming job because of the delicate efforts necessary to preserve the bone structure as intact as possible.

4-H Club Notes

Arrowwood 4-H Club—

The 4-H Club had a tour to Calgary on Tuesday with all members, but four present.

The club toured the telephone building in the morning, Model Dairies in the afternoon, also visited the Aquarium and the Horsemen's Hall of Fame.

Then on Saturday some of the members attended the 4-H Judging Competition at the Bill Lucas farm west of Vulcan.

Some of the membes were busy during the holidays selling the Safety Emblems. Anyone who was missed and should wish to order one can contact a 4-H member or their leader.

No nagging backache!

She used to be bothered by backaches and tired feeling. When she learned that irritation of the bladder and urinary tract can result in backache and tired feeling, she took Dodd's Kidney Pills. Smart girl. Dodd's Pills stimulate the kidneys to help relieve the condition causing the backache and tired feeling. Soon she felt better — rested better. If you are bothered by backache, Dodd's Kidney Pills may help you, too. You can depend on Dodd's.

FROM OUR CORRESPONDENTS

ARROWWOOD

HOME & SCHOOL ASSOCIATION

The Home and School Association held its meeting a week early this month because of the Easter Holidays. Owen Kelly from Mount Royal College Calgary gave a very informative talk on Semester System and on University Entrance requirements. Lunch was then served by Mrs. Grace Williams and Mrs. Lorraine Pobst.

A short business meeting was then held. A letter was to be written to Mr. Hawkesworth in regards to the Exchange Students Program. The closing exercise for the Grade Nines is to be held on May 21, and the committee was appointed to help. The question of a reunion of Arrowwood School students was brought up. It was felt if there was enough interest in it, that it should be held this summer before the old school is torn down.

The next meeting will be May 18, and the gifts will be presented to the Grade 12 Class.

BLACKIE

The meeting of the afternoon UCW was held at the home of Mrs. Elmer Laycraft with 12 members and three visitors present.

P.F.R.A. ANNOUNCE APPOINTMENTS OF REGIONAL WATER DEVELOPMENT OFFICERS

A. N. ANDREWS

MAURICE LaROSE

G. R. EVANS

The continually expanding water development program of the Prairie Farm Rehabilitation Administration is responsible for the appointment of three Regional Water Development Officers. R. N. "Andy" Andrews, of Brandon, will be in charge of water development programs in Manitoba and eastern Saskatchewan; Maurice LaRose, of Swift Current, will continue similar duties for the remainder of Saskatchewan, while Glen R. Evans will supervise the Alberta region from Calgary.

In making the announcement, the Director of P.F.R.A., M. J. Fitzgerald of Regina, noted the wider and more diversified scope of P.F.R.A. water development activities, and stated that these appointments will assist the field staff of the Water Development Service to provide an even greater degree of service to farmers in the three Prairie Provinces. These officers will also work closely with other agricultural extension and service agencies in each region.

Mr. Andrews has been with P.F.R.A. since 1946, at which time he served in the irrigation areas of southwest Saskatchewan. In 1949, he was transferred to Outlook, Saskatchewan, when the Pre-Development Farm was established there. The farm operated under his management until 1958, when he was appointed Officer-in-Charge of the Water Development Office at Brandon, Manitoba. He will now supervise activities at five such offices while continuing to reside in Brandon.

Mr. LaRose has had a long association with agriculture in the drier southwest area of Saskatchewan where P.F.R.A. has been active in irrigation development. His many years of experience in P.F.R.A. water development programs should prove of great benefit to farmers in the wider area which he will now serve.

Mr. Evans has had a wide experience in water development during the 20 years he has been with P.F.R.A. He participated in the initial development of several of the large irrigation schemes in southwest Saskatchewan, such as the Consul-Vidora and Maple Creek Projects. He has since served as Water Development District Officer at Fort McLeod, Alberta; Weyburn, Saskatchewan, and until recently, at Red Deer, Alberta.

The appointments are effective immediately.

FACTS FOR THE FARMER

If it has been a long time since pedigree seed, pure of variety was used, it may be time to change seed. This can be done without affecting Wheat Board quotas. Up to 600 bushels of commercial grain could be exchanged for a maximum of 225 bushels of pedigreed or certified seed. Local elevator agents have the details.

CHAMPION LODGE AF & AM 50th ANNIVERSARY

Masons from as far north as Edmonton and as far south as Pincher Creek gathered in Champion on Friday, 23rd April, to help celebrate the 50th anniversary of the Lodge in the Champion Lodge Hall.

The service in the Lodge Hall took the form of a Thanksgiving service conducted by Bro. Rev. Oliver Seward of the Cairo Lodge, Claresholm. Wor. Bro. F. G. Cartwright gave a colorful historical review of the Champion Lodge from its inception to the present day. Most Wor. Bro. D. D. McQueen gave his views of the future of Masonry.

Rt. Wor. Bro. S. F. Campbell presented the Champion Lodge with a candle lighter and snuffer. M. Wor. Bro. D. D. McQueen presented a set of hand made oak gavels. These gavels were made by Wor. Bro. D. D. Penman of Edmonton. Rt. Wor. Bro. E. H. Rivers, Grand Secretary of the Grand Lodge on behalf of Rt. Wor. Bro. L. N. Voisey presented a case of working tools, which were dedicated to the memory of his father, Rt. Wor. Guy E. Voisey.

The Social Hour followed and a banquet was served by the members of the Order of the Eastern Star in the dining room of the Champion Community Hall.

Following Grace, Rt. Wor. Bro. S. F. Campbell proposed the toast to the Queen and the Craft. Wor. Bro. G. W. Moses, Mayor of Champion welcomed the guests. A toast to the old timers was proposed by Wor. Bro. A. W. Fleetwood, and Rt. Wor. Bro. J. D. Hagerman replied. Wor. Bro. K. H. Bloxham proposed a toast to the visitors. Rt. Wor. Bro. J. G. Steeves replied. Wor. Bro. H. G. Ferguson proposed a toast to the officers of the Grand Lodge. Wor. Bro. Rev. Dr. W. J. Collett gave the reply.

M. Wor. Bro. Rev. Dr. W. J. Collett, Grand Master of the Grand Lodge of Alberta was guest speaker. Other speakers were Rt. Wor. Bro. J. D. Hagerman and Rt. Wor. Bro. J. G. Steeves.

The following are life members in the Champion Lodge: Bro. J. O. Bell, Wor. Bro. P. W. Gatenby, Wor. Bro. W. A. McIntyre, Wor. Bro. Chas. McLean, Wor. Bro. H. E. Smith, Wor. Bro. J. E. Carlson, Wor. Bro. J. D. Hagerman, Bro. A. S. Chilton, Bro. A. Ferguson and Bro. N. M. St. Peter.

EVANGELICAL FREE CHURCH MEETINGS

Christian fellowship was the keynote of pre-Easter meetings at the Evangelical Free Church. Mr. and Mrs. Wesley Simmons, missionary candidates to Japan, gave their testamonies and presented trumpet music on the first Sunday evening.

On Monday night Rev. Krause and a group of men from the Arrowwood Gospel Mission led the worship service; Tuesday it was led by Rev. Heebner and a delegation from the Vulcan Evangelical United Brethren Church. Lethbridge was represented Wednesday night by Rev. Bill Ruggles of the Evangelical Free Church and a group from his church. Thursday it was Rev. Jim Barton of Enchant Evangelical Free Church with people from Enchant and Travers. On Friday several carloads of young people from Calgary Evangelical Free Church conducted the worship service.

Each night Rev. Clarence Strom, assistant pastor of the Prairie Bible Institute church of Three Hills, gave a Bible message. There were two services on Palm Sunday with special music by a girls' trio from Prairie Bible Institute.

CLERICS' CORNER

This week's contributor: Rev. Victor G. Cowell
St. Aldhelm's Anglican Church

A nationally published woman's magazine printed an article in it's May issue condoning Common Law Marriages and complaining that the Divorce Laws are too rigid. This is typical, I am afraid, of much that is being said and written at present on this subject, and it smacks of Godlessness.

There is a lot of confused thinking about marriage going on right now. I am sure you have often heard people say "you mustn't condemn a person for making a mistake in marriage" — of course not. We should not condemn anybody. Jesus Christ does not condemn anybody for making a mistake in anything — or for doing anything evil — yet he expects us to realize where we have gone wrong and to ask His help to do differently. If we don't we are condemned by the very word he has spoken.

Just as Christ is always ready to forgive the person who admits his mistake — so he expects the married couple to forgive each other. This is part of His "Law of Love." He expects love to dominate in marriage — and let's face it — wanting another woman, because she might understand you better or wanting to release yourself from a husband who encumbers you because he has to lie flat on his back and can't bring the money home any more is hardly an act of love. They are, I would say, acts of Self Centredness and show lack of self discipline.

Examine the arguments for relaxing the divorce laws — at the root of them you will find the idea that God should accommodate Himself to our human whims and fancies — even to our selfishness.

God, however, is God, — His laws are more wise, more loving and just than ours could possibly be. We have to adjust ourselves to what He wants and what He thinks best. He says that a husband and wife belong to each other — they are no longer two — but one — they have an inescapable duty towards the child of their marriage and the only thing that can possibly part them is death itself.

BRANT

On Sunday, May 2, the guest minister will be Rev. Jim Spence of Airdrie as pulpits will be exchanged within the Presbytery.

The deep sympathy of the district is extended to Mr. and Mrs. P. Gallagher and their family on the sudden passing of Marie's mother, Mrs. Jackson of Sundre in the High River hospital on Thursday.

Friends were glad to learn that Mrs. Martha Westergreen has been able to return home after being hospitalized in High River where she underwent surgery.

Nicky Walbauer, son of Mr. and Mrs. Stewart Walbauer of Calgary spent the Easter holidays at the home of Mr. and Mrs. Fred Payce.

Mrs. M. Pearson and John spent a few days at Railley with her family, Mr. and Mrs. (Shorty) Alfred Hansen and the children.

Mr. and Mrs. Alex Eliuk and their family went to St. Paul to be with Alex's family for the long Easter weekend.

Mr. and Mrs. Ross Kennedy and Mr. and Mrs. Bill Christofferson motored to Shelby, Montana, where Mrs. Kennedy and Mrs. Christofferson attended ceramic classes.

Mr. and Mrs. Floyd Olsen and Laurlie accompanied by Don and Mable Shultz visited at the home of Mr. and Mrs. G. Fox and family and Mr. and Mrs. Jack Christofferson on Sunday in Calgary.

Mr. and Mrs. Geo. Fisher and boys were honored guests at a family dinner held at the home of Mr. and Mrs. Floyd Olsen on Good Friday. Also present were Mrs. Spanke of High River, Mr. and Mrs. Joe Spanke and family of Lethbridge and Miriam, Cheryl, and Dawn Findlay of Edmonton. Mr. Fisher has been transferred to Edmonton.

Mrs. Ken Horness of Bagotville, Quebec is at present visiting with her mother, Mrs. Bea Prater.

Mrs. Bea Prater, Mrs. Horness, and E. Prater, Wallace and John attended a family reunion on Easter Sunday in Blackie at the home of Mr. and Mrs. Lorne McIntosh. Others present were Mr. and Mrs. Joe Edgerton, Gordon and Mr. and Mrs. Bob Edgerton and family of Ensign and Mrs. Myrtle Holgate and her brother Henry Olsen of Calgary.

Mrs. E. Prater and Eva attended a family reunion in Calgary on Easter Sunday at the home of her mother, Mrs. W. J. McMullen. Those present were Avery Irvine of Victoria, his daughter, Mrs. Ken Curl and her two children of Vancouver, Mr. and Mrs. Harland Irvine and their two children of Red Deer, and John Irvine of Calgary. The preceding Sunday Mr. and Mrs. E. Prater and family had dinner at the home of Mrs. McMullen with Douglas Irvine of Winnipeg.

DINTON

On Wednesday, April 14, about 20 members of Pine Canyon F.U.A. met at Dinton Hall for their monthly meeting. It was decided to sponsor two junior FUA members to attend Gold Eye Lake Camp in July and interested members please contact the secretary, Alvin Montgomery. For the June meeting a speaker from the Credit Union is expected. Meeting closed with lunch and a social hour.

Tuesday, April 20th at Dinton Hall Mr. Kennedy demonstrated fire equipment to an interested audience of FUA and Beef Club members. Varno Westersund then showed pictures of his trip around the world, which were much enjoyed along with a lively commentary.

Eleven members of Dinton WI travelled to Millarville Apri 21, to the 45th Constituency Conference of the Calgary-Okotoks Constituency. Throughout the day five minute skits were presented by the 11 branches to identify each branch, some of these were quite hilarious.

PUBLISHER'S TEA

A Publisher's Tea was held on Saturday, April 17, at Gladys Hall compliments of Dinton WI, Gladys WI and North West Printing and Lithographing Ltd., to introduce the newly published community history "Gladys and Dinton Through the Years." A capacity attendance filled the hall, and most of Gladys and Dinton pioneer families were represented. There was a brisk sale of books all afternoon.

Mrs. Gerald Newman and Mrs. Stanley Gillanders, editors and compilers of the history, were official hostesses. A beautiful bouquet of mauve and yellow flowers graced the lace-covered serving table at the front of the hall. Mrs. Alvin Montgomery, Dinton WI president and Mrs. Howard Wakeford Gladys WI president, presided at the head table.

Guests at the hall had a very enjoyable time visiting and reminiscing, restraining a natural desire to delve into their books, till they get home. Some didn't wait that long. There will be much to talk over as the books are read for some days to come.

Mrs. Newman welcomed the guests and humorously told of some of the ups and downs of preparing a book. Mrs. Gillanders also expressed a warm welcome to the guests and introduced the publisher of the book, David Bailey of North West Printing and Lithographing Ltd.

Mrs. Wakeford and Mrs. Montgomery presented inscribed copies of the book to Mrs. Newman and Mrs. Gillanders on behalf of their respective WI's, expressing sincere appreciation for their efforts. Mrs. Harry Meadows and Mrs. Chas Spangler, on behalf of the community, presented the ladies with a gift of money enclosed in a thankyou card bearing well over 90 names. It is hoped that each lady will buy herself something she really wants and will look on this as a gift of appreciation from the community. Mrs. Newman and Mrs Gillanders, completely surprised, thanked everyone very warmly.

An added attraction was a table of very interesting antiques and clothing of the pioneer days from the district, some of which proved to be real conversational pieces.

History Books can be ordered and picked up at 132 3rd Ave E High River. Phone 652-2531 or write Box 554, High River, or contact any member of the Gladys-Dinton WI.
